

ALOUETTE RIVER MANAGEMENT SOCIETY

SAVE OUR SALMON

Our Campaign

The Alouette River is under attack! Contrary to the Official Community Plan, development proposals are continuing to roll in proposing to put in subdivisions on the south bank of the Alouette. This region is crucial salmon spawning habitat supporting up to 300,000 fish every year. If development gets approved, it would be destroying irreplaceable habitat of fish and wildlife of the Alouette.

ALOUETTERIVER.ORG

WAYS YOU CAN HELP

DONATION

- Legal action is expensive, and we need to quickly raise **\$60,000** to proceed with a court challenge

SPREAD THE WORD

- Help us get more people on board! Tell your family and friends in order to keep the Alouette river a part of everyone's lives

VOLUNTEER

- ARMS offers many different volunteer opportunities for you to help hands-on!
